Abstract

Bushehr province with the especial geographical location is full of rituals. The rituals which rooted in people's lives and the inhabitants of this region are living with them. According to the abundance of dramatic indicators in rituals of this province, local playwrights had used these rituals in their works. But the important question is, did the authors created deserved works due to these rituals or not? This article attempts to have a general look over dramatic literature and rituals of Bushehr province and also tries to investigate the impact or lack of impact on dramatic literature of this region.

Key words: Ritual, Dramatic literature, Bushehr province, Culture ,Play writing .
